

Some Links to Help Prepare for the TSI Assessment

1. Collegeboard TSI Booklet on Interpreting Your Score.

<http://media.collegeboard.com/digitalServices/pdf/accuplacer/accuplacer-texas-success-initiative-assessment-interpreting-score.pdf>

The TSI Assessment measures your strengths and weaknesses in mathematics and statistics, reading and writing, and is an indicator of how ready you are to handle college-level courses. The results of the assessment, in conjunction with your academic background, goals and interests, are used by academic advisers and counselors to place you in the appropriate course that matches your skill level. The goal is to help you become ready for college-level course work.

2. Collegeboard TSI Booklet of Sample Questions

http://media.collegeboard.com/digitalServices/pdf/accuplacer/13b_7784_TX_SampleQuestions_3P_130624.pdf

13. Khan Academy

<http://www.khanacademy.org/>

Khan Academy is an organization on a mission. We're a not-for-profit with the goal of changing education for the better by providing a free world-class education for anyone anywhere.

All of the site's resources are available to anyone. It doesn't matter if you are a student, teacher, home-schooler, principal, adult returning to the classroom after 20 years, or a friendly alien just trying to get a leg up in earthly biology. Khan Academy's materials and resources are available to you completely free of charge.

14. NROC Math

<http://nrocmath.org/>

Guided by input from instructors, administrators, and students nationwide, NROC offers the instructional content and tools that math teachers need, with the multimedia approach that today's students want.

15. Mathvids

<http://mathvids.com/>

Safe, Moderated Content - While other online video sharing sites rely on the community to flag videos as inappropriate only after they have done their damage, all videos and resources on MathVids are reviewed before you see them.

Only Quality Videos - MathVids has certified math teachers on staff to ensure the accuracy of every video so you know what you are learning is correct.

Different Teachers for Different Learning Styles - Central to the vision of MathVids is that different students have different learning styles. MathVids supplements your classroom education with a variety of teachers explaining the same lesson in varied ways.

Find What You Want, Quickly and Easily - Sometimes it can be difficult to find exactly the lesson you are looking for online. Organized like your math textbook, MathVids allows you to browse by course and topic to easily find the help you need. Your search is over!

Accessible Anytime, Anywhere - Because of our review-first policy, MathVids is a school-friendly website. Get help from home, school, even your iPad or phone!

16. TV411

<http://www.tv411.org/>

TV411's mission is to help adults gain the basic reading, writing, math, and science skills they need to achieve their educational, career, and personal goals. We create educationally sound and entertaining multimedia learning materials and distribute them through television, the Internet, and literacy and community-based programs across the country.

17. Townsend Press Learning Center

<http://www.townsendpress.net/class/exercises/assignment/22/menu>

The Learning Center is a powerful web-based learning platform provided for students and educators who use Townsend Press materials in their classes. With offerings for faculty and students alike, the Learning Center delivers **practical, effective**, and affordable materials that are **both** user-friendly and exceedingly clear. That's why more than 1 million students and **twenty-seven thousand** instructors have chosen the Learning Center for their reading, writing, and Language Arts classes.
