

PARKLAND HIGH SCHOOL

5932 Quail Ave. El Paso, Texas 79924
915-434-6000

Pre-Registration Form

Student Name _____ Student I.D. _____
Address _____

The T-STEM Academy is a small school within a school. The Academy can be likened to a magnet school. It is located in the 200/300 building with all rooms in the 300 hallway assigned as the official T-STEM wing at Parkland High School.

Students are inspired to achieve success through the advancement study of science, technology, engineering and mathematics as they learn to transition seamlessly from high school to college with significant financial benefits for the families.

The STEM program has a strong academic foundation that favors a problem-solving interdisciplinary instruction ensuring high standards and challenging opportunities. Instruction is presented using Project Based Learning, Project Lead the Way with many opportunities to learn with team building activities, cooperative learning, building stronger teacher/student relationships and the opportunity to take Pre-AP, AP, and College Dual Credit courses. STEM scholarships are also available.
